V. Geise, '45, Receives First Alumni Merit Award; Addresses 27 Mid-Year Graduates

Vincent J. Geise, 1945 graduate of St. Joseph's College and editorial director of Fides Publishers Association in Chicago, was the recipient of the first Alumni Merit Award to be presented by St. Joseph's College. The award was presented to Geise by the Very Rev. Raphael H. Gross, C.P.P.S., president of the college, and the Very Rev. John E. Byrne, C.P.P.S., president of the Board of Control and Provincial of the American Province of the Society of the Precious Blood, at the college's mid-year graduation exercises Jan. 31. Geise also delivered the commencement address to the 27 candidates for the bachelor's degree.

Native of Fort Wayne

A native of Fort Wayne, Ind., Geise received his Ph.B. in journalism from St. Joseph's and subsequently earned his Master's degrees in journalism and political science from Marquette University and the University of Notre Dame, respectively. He has been with Fides Publishers, a non-profit Catholic publishing house, since 1949.

Geise has authored three books, entitled *Apostolic Itch*, *Pattern for Teenagers and Training for Leadership*. He also is the co-author, with Sister Jane Marie Murray, O.P., of *On the Way to God*, a new textbook of religion for the Confraternity of Christian Doctrine.

He is also executive editor of *Perspectives*, a bi-monthly relating religion to our times; a free lance contributor to a number of Catholic periodicals; and a lecturer on the lay apostolate.

Delegate to World Youth Festival
A member of the national lay committee of the Confraternity of Christian Doctrine, Geise represented that organization at the Second World Congress of the Lay Apostolate in Rome in 1957. He was also a delegate of the Young Christian Workers at the World Youth Festival in Vienna last year.

Geise is also a member of the Board of Directors of Adult Education Centers in the Archdiocese of Chicago, a lay moderator for the Young Christian Students, and a teacher of religion to public high school boys.

Alumni Merit Award

The citation, printed and framed in a diploma case, which was read at the commencement exercises by the Rev. Edward A. Maziarz, C.P.P.S., '35, Dean of the college, is as follows:

"It is an old revered tradition among colleges and universities to adopt an official seal or emblem which embodies, in symbolic form the present and future hope of the founding fathers. RELIGION, MORALITY, SCIENCE are the three words found on the official seal of Saint Joseph's College. And so it is fitting, for this first conferral of the Alumni Merit Award by which she plans to honor her scholarly sons, that Saint Joseph's College has chosen one whose fifteen years as an alumnus have been lived in exemplification of these three powerful influences on mankind.

Born in 1923 at Fort Wayne, Indiana, Vincent J. Geise came to Saint Joseph's in 1941. He was named a bachelor of philosophy magna cum laude in 1945; in 1948 he received a master of arts in Journalism from Marquette and, in 1950, a master of science degree

Vincent J. Geise, '45 (center) shows the citation naming him recipient of the first Alumni Merit Award to the Very Rev. John E. Byrne, C.P.P.S., '32, president of the Board of Control, (left) as the Very Rev. Raphael H. Gross, C.P.P.S., '32, Saint Joseph's president, looks on.

in Political Science from Notre Dame. Enriched by knowledge of the faith and of philosophy, of political science and of the arts of communication, Mr. Geise has made every effort to share this wealth with others. We find him a member of various apostolic movements. We find him teaching religion to public high school boys. We find him present at two international youth congresses. We find him authoring three books on the lay apostolate and co-authoring a textbook on religion. Finally, we find him in two influential offices: Editorial Director of the Fides Publishing House and Executive Editor of a quarterly periodical relating the truths of religion to the needs of our times.

It is this fusion of faith and knowledge with practice and this total commitment to the ideals of Saint Joseph's College that we wish to honor today, Very Reverend President, in recommending Vincent J. Geise to you for the first conferral of the Alumni Merit Award of Saint Joseph's College.

Given at Collegeville, Indiana, on the thirty-first day of January, nineteen hundred and sixty."

This newly created award will be conferred periodically to St. Joseph's alumni as a recognition for the work they have done in their field.

Father Heiman, '38, Initiates Institute of Liturgical Music

An Institute of Liturgical Music, largely modeled after the Corso Ordinario of Gregorian Chant of the Pontifical Institute of Sacred Music in Rome, has been initiated at St. Joseph's College.

The Institute will be held every summer and will begin this year, from June 20 to July 30. The program is open to priests, brothers, sisters, seminarians, lay men and lay women.

St. Joseph's Institute of Liturgical Music will offer a comprehensive program of theory, chant, polyphony, organ, etc., leading to the Bachelor of Arts degree in Liturgical Music or to a Certificate in Liturgical Music. All courses in chant and polyphony will be taught by instructors who have been schooled in the Pontifical Institute of Sacred Music in Rome.

The faculty will include, among

others, Fr. Lawrence Heiman, C.P.P.S. of St. Joseph's College and chairman of the Institute; Fr. Eugene Lindusky, O.S.C., of Crosier Seminary, Onamia, Minn.; and Mr. Noel Goemanne, choir director and organist at St. Rita's Church, Detroit, Mich. Both Father Heiman and Father Lindusky hold degrees from the Pontifical Institute of Sacred Music in Rome. Mr. Goemanne, a former student of Flor Peeters, holds a Laureate from Lemmens Institute in Mechelen, Belgium.

(Father Heiman, head of the music department and director of the college glee club and liturgical choir, returned to St. Joseph's this September after a two year sabbatical leave of absence which he spent in study and travel in Europe. He spent the greater part of

Federal Bill Would Affect Alumni

(In view of the importance of this article it is being reprinted from a previous issue of CONTACT by request of the Alumni Board of Directors.—Ed.)

H.R. 2440, to amend the Internal Revenue Code, was presented to the House of Representatives in January by Representative Frank Thompson of New Jersey. An identical bill, S. 2241, is sponsored in the Senate by Senator Murray of Montana. These bills propose to equalize the cost of giving to higher education for all taxpayers, so that the out-of-pocket cost per "gift dollar" would be the same for all as the present cost, nine cents, for the highest bracket taxpayer.

There have been no hearings as yet, but the House Ways & Means Committee plans to hold

hearings on tax legislation, including H.R. 2440, after adjournment of the present session of Congress.

In view of the critical importance of obtaining more private uncommitted funds for general operations for colleges and universities we urge you to read the explanation of H.R. 2440 given below and to contact your congressional delegation expressing your view as to the need of increased private support and indicate whether in your opinion the proposed amendment would provide a desirable and effective way of increasing such support.

Alumnus's Study Gains Recognition

A study by Dr. Con J. Fecher, '14, associate professor of economics at the University of Dayton, received mention in the November 16 issue of Time magazine as well as daily and Catholic newspapers throughout the country. Published in the November issue of Catholic Management Journal the story concerning the health and life expectancy of religious sisters in the United States is the culmination of years of research by Dr. Fecher. He first became interested in the lifespan of nuns while a graduate student at the Catholic University of America in the 1920's.

LONG-LIVED NUNS

Women live longer than men, but what kind of women live longest? Nuns, according to the results of two studies published by Dr. Con J. Fecher, professor of economics at the Roman Catholic University of Dayton (Ohio). The control of tuberculosis and other communicable diseases, to which members of a close community were especially prone, has added 14 years to a 20-year-old nun's life expectancy since the turn of the century. After comparing 90,000 nuns in 90 sisterhoods with white females throughout the U.S., from 1900 to 1958, Dr. Fecher also estimated that by 1975 a 20-year-old nun will have a life expectancy of 80 or more—at least four years longer than her counterpart in the lay world. TIME, NOVEMBER 16, 1959

Most of the statistical data used by Dr. Fecher were compiled through the University of Dayton's electronic computer facilities. Some 90,000 punched cards were processed during the course of the 30 year study. He is now designing a punched-card system to keep his information on the sisters up to date.

SJC Awards \$16,784 In Scholarship Grants

St. Joseph's has awarded \$16,784 in academic scholarships for the 1959-60 school term, it was announced by the Committee on Student Aid. At present there are thirty-seven recipients, but this number will fluctuate depending upon the students who qualified for renewal at mid-term.

Aside from academic scholarships, numerous grant-in-aids were allotted for athletics, band and work grants. Forty-three full athletic grants were awarded this year. Twenty-eight of these students participate in football and sixteen in basketball, but not all have full grants.

Twenty-six received work grants totalling \$7,440, but with the condition that one-third of the allotment will be repaid through duties performed on campus. Band grants reached \$5,620 and were awarded

ATTENTION ALUMNI
The Placement Bureau of St. Joseph's College will assist returning servicemen and other Alumni interested in relocation.

After sacred theology the highest science is philosophy. Since the last issue of *Academics* gave a survey of recent books and a selection of paperbacks expressing theological thought, this issue offers a like service with reference to philosophical thought. There is within each alumnus, faculty member, and student the inclination to seek the highest truths, to wonder, to ask profound questions and analyze fundamental problems, in a word, to philosophize. Within his own group the individual person experiences this yearning with various intensity, yet it is hoped that the following menu will carry some items attractive to everyone.

Rev. Edward McCarthy.
C.P.P.S., '35

tr. by James F. Anderson (1956; \$0.95), **Book III: Providence, Part I**, tr. by Vernon J. Bourke (1956; \$0.85), **Book IV: Providence, Part II**, tr. by Vernon J. Bourke (1956; \$0.85), **Book V: Salvation**, tr. by Charles J. O'Neil (1957; \$0.95).

Among recent histories of philosophy, especially to be noted are the latest volumes in the work of Fr. Copleston: *A History of Philosophy*, Vol. IV *Descartes to Leibniz* by Frederick Copleston, S. J. (Westminster, Maryland: The Newman Press, 1959; \$4.50); Vol. V *Hobbes to Hume* (1959; \$4.75).

Of today's thought in philosophy there is: *The Christian Philosophy of St. Thomas Aquinas* by Etienne Gilson, tr. by L. K. Shook, C. B. S. (New York: Random House, 1956; \$8.75). There is also the paperback, *A Gilson Reader* ed. by Anton C. Pegis (Garden City, New York: Doubleday and Company, Inc., 1958; \$0.95); and a book of studies by the men Professor Gilson has taught, *An Etienne Gilson Tribute* ed. by Charles J. O'Neil (Milwaukee, Wisconsin: The Marquette University Press, 1959; \$7.00). Here, too, with general philosophical works, is a really new venture, *Insight: A Study of Human Understanding* by Bernard J. F. Lonergan, S. J. (New York: The Philosophical Library, 1957; \$10.00). Fr. Lonergan does think for himself!

In the area of epistemology there is something tried and something new. The much sought treatise of Maritain has been republished in a more perfect translation, *The Degrees of Knowledge* by Jacques Maritain, tr. under supervision of Gerald B. Phelan (New York: Charles Scribner's Sons, 1959; \$7.50). And newly published is, *The Order and Integration of Knowledge* by William Oliver Martin (Ann Arbor: University of Michigan Press, 1957; \$6.50). Dr. Martin is original and challenging. This is solid fare! A second recent book, *Epistemology* by L. M. Regis, O. P. (New York: The Macmillan Company, 1959; \$6.50) will be used as a classroom text, but since it is written rather as a full and singularly clear essay on the problems of knowledge, it must be welcomed by any philosopher.

Another excellent new treatise, more explicitly directed to the classroom, but not unintended for personal study is, *First Philosophy* by Robert J. Kreyche (New York: Henry Holt and Company, Inc., 1959; \$4.00). Dr. Kreyche is an associate professor of philosophy here at St. Joseph's College. Yet another text prepared for the formal student should have a wider reading, *The General Science of Nature* by Vincent Edward Smith (Milwaukee, Wisconsin: The Bruce Publishing Company, 1958; \$5.10). Lastly, there is the paperback, *Readings in the Philosophy of Nature* ed. by Henry J. Koren, C.S.Sp. (Westminster, Maryland: The Newman Press; \$2.25).

Finally, several books in ethics deserve recommendation. *Happiness and Contemplation* by Josef Pieper, tr. by Richard and Clara Winston (New York: Pantheon Books, Inc., 1958; \$2.75) is a ready instance of genuine philosophical thought, the simple presentation of the highest truths. Dr. Pieper, a layman, has also written three penetrating essays about St. Thomas Aquinas and his teaching, *The Silence of St. Thomas* by Josef Pieper, tr. by John Murray and Daniel O'Connor (New York: Pantheon Books, Inc., 1957; \$2.75). Returning to ethics, *Communism and Christianity* by Martin C. D'Arcy, S. J. (New York: The Devin-Adair Co., 1957; \$4.00) incisively demonstrates the insufficiency of Marxian theory, and thus disposes of it in a truly philosophical way. An older, well-received study by Fr. D'Arcy is now obtainable in paper, *The Mind and Heart of Love* by Martin C. D'Arcy, S. J. (New York: Meridian Books, Inc.; \$1.35) Worthy of note, too, in this survey, is a book that is most important in the truths it considers even while it is lesser in quality of writing than the books just suggested, namely, *A Christian Philosophy of Life* by Bernard Wuellner, S. J. (Milwaukee, Wisconsin: The Bruce Publishing Company, 1957; \$4.25). Fr. Wuellner passes from the philosophy of man to ethics to sacred theology in thinking out the requirements of human existence.

Philosophy, really, is an enduring adventure. Hence the graduate of St. Joseph's should never cease to philosophize. And since the efforts of others can be of help in one's personal philosophical enterprise, the foregoing books are recommended to the readers of *Academics*.

Memorial Sought For Bishop Danehy

The Rev. Stanley L. Manoski, '33, has proposed to members of the classes of '32, '33, '34 at St. Joseph's College that as a memorial to their classmate, the late Most Rev. Thomas J. Danehy, '33, they could contribute toward the building of a chapel at the Bishop's house in Riberalta, Bolivia. Father Manoski feels that a chapel for future Bishops could be constructed at a cost of \$2,000 to \$3,000.

Bishop Danehy of Maryknoll died in Lima, Peru on Oct. 8, 1959. (Ed: see December issue of *CONTACT*.) He had been on the missions in Bolivia since 1942.

Father Manoski noted, "Bishop Tom and I had been friends down through the years since we left St. Joe's and I had the privilege of going to Rome with him in 1956 and through his good office I was able to have a private audience with Pope Pius XII a rare privilege for anyone, particularly a priest. Then in January of 1958 I went down to visit the Bishop at his mission in Riberalta, Bolivia." "Since the Maryknollers went to Bolivia a lot has been accomplished and a lot of it was due directly to the work of Bishop Danehy."

Speaking of the Bishop's chapel Father Manoski went on to tell "The one they had there when I was there was about half the size of your living room and unbelievably poorly furnished."

Those St. Joseph's alumni who have not been contacted by Father Manoski but who would like to contribute to this worthy cause which will help to carry on mission work may send contributions to the REV. STANLEY L. MANOSKI, 1910 HALE AVENUE, FORT WAYNE, INDIANA.

Pumas Fighting For .500 Season

The Pumas began the new year journeying to Franklin, Ind. on Jan. 1 and 2 where they were one of four teams participating in the first annual Indianapolis Classic. Although not a tournament in the strict sense because pairings were made prior to the Classic regardless of the outcome of the first night games, the Pumas nevertheless won the "mythical" title by emerging as the only undefeated squad in the two nights of competition.

Jan. 1 St. Joe 101—Franklin 94
After Indiana Central opened the Classic by downing Georgetown, Ky., 88-85, St. Joseph's took the court against the Grizzlies of Franklin. With Bobby Williams, Jack Finnegan and Jim Koehler leading the way with 28, 21 and 19 points respectively the Pumas took a slim 52-51 halftime lead. Franklin opened the second half moving quickly into a 59-54 lead but the Pumas fought back to tie the score at 74 all with nine minutes left in the game. The score remained close until 5:34 remained in the game when the Pumas reeled off nine straight points giving them a commanding 93-84 bulge. They coasted the rest of the way enroute to their 101-94 triumph.

Jan. 2 St. Joe 85—Ind. Central 79
The following night the Pumas completed their conquest with a thrilling 85-79 victory over Indiana Central. Williams and Al Whitlow led St. Joseph's attack with 28 and 22 points respectively. The Pumas opened up a 41-34 halftime advantage and built it up to a 16 point margin with six minutes remaining before Central whittled it to three points with only 41 seconds left. But lack of time and Puma free throws were too much for Central to overcome. In the following contest Franklin's Bill Slayback, who hit 26 against the Pumas, scorched the nets with a record breaking 44 point performance in leading Franklin to a 106-94 lacing of Georgetown, Ky. The double victory increased the Pumas winning ways to three straight and a 4-3 season record.

Jan. 5 St. Joe 89—DePauw 69
On Jan. 5 the Pumas returned to ICC action taking on the DePauw Tigers at Greencastle, Ind. The Pumas dominated play in the first half and left the court at intermission with a 42-29 lead. Once again led by Bobby Williams who totaled 27 points for the evening the Pumas coasted through the final half enroute to an easy 89-69 win. Koehler, Holstein and Whitlow backed up Williams' performance with 21, 17 and 13 points respectively. Sophomore Dale Anderson led the Tigers' with 17 points.

Jan. 9th to battle the Bellarmine Knights and promptly stretched their winning streak to five and six out of the last seven games. As usual when the Pumas and Knights meet the score soars and this was no exception as the Pumas tied the St. Joseph fieldhouse mark in routing the Knights 105-92. Ron Holstein with 30 and Bobby Williams, who played only half the game because of fouls, with 24 paced a Puma attack that grabbed a 50-42 halftime lead and held it for the remainder of the contest. Jack McLemore and Rudy Montgomery led Bellarmine with 27 and 26 points respectively.

Jan. 12 Ind. State 85—St. Joe 80
On Jan. 12 St. Joseph's saw its win streak snapped by an old jinx as they dropped an 85-80 decision at the hands of the Indiana State Sycamores. It was the Pumas' 18th loss in 19 decisions to State in the Sycamore gym. The Pumas managed to hold a 48-43 halftime margin but the first eight minutes of the second half proved to be disastrous as the Sycamores piled up 19 points to the Pumas' two in moving away to a 62-50 lead. But the Pumas were far from out of the game as they fought back to within two points, 74-72 with three minutes remaining in the game. But State was not to be denied the victory as they tallied eight of the remaining 12 points to be scored in the game. Bobby Williams led the Puma attack with 29 while Arley Andrews contributed 33 to lead the Sycamore cause.

Jan. 16 St. Joe 101—Ball State 93
The Pumas righted themselves again at home on Jan. 16th at the expense of the Ball State Cardinals 101-93 in an overtime. Bobby Williams was the whole show as he scored 42 points and thus established: 1) a new fieldhouse record, 2) a new St. Joseph record and 3) a new ICC record for most points scored in a game. The Pumas again saw a substantial halftime lead, this time 55-40, cut down to size by an opponent in the last half as the Cardinals rallied to tie the score at the end of regulation time at 89-89. Thirty seconds into the overtime session Williams drove for the basket, scored, was fouled and dropped in the free throw to complete a three point play to put Ball State in a position from which they never recovered. Koehler, Finnegan, Whitlow and Crowley all hit in double figures in support of William's record breaking performance.

Jan. 19 Butler 105—St. Joe 97
The usual capacity crowd was on hand Jan. 19 to watch the Pumas battle the Butler Bulldogs. Again the Pumas had a great first half, holding leads of as great as 16 points over the befuddled Bulldogs, who trailed at half 51-44. But equally as usual the Pumas ran into another fatal second half as the red hot Bulldogs scorched the nets for 60 points enroute to a thrilling 105-97 victory over the Pumas. Every Puma regular had at least four fouls while the Pumas' top rebounders Finnegan and Whitlow both fouled out near the end of the contest. Despite the close guarding techniques put on him by the Bulldogs Williams managed to garner 32 points while Finnegan, Koehler and Whitlow followed with 20, 19 and 13 respectively. Orville Bose and Jim Barrick led Butler with 23 and 20 points respectively.

Jan. 28 Villa Madna 105—St. Joe 96
After an eight day break caused by semester exams the Pumas traveled to Covington, Ky. on Jan. 28 to play the Villa Madonna Rebels for the first time in history. Unfortunately it was a bitter

St. Joe Wrestlers Enter Little State Mat Meet

Saint Joseph's College, for the first time in its athletic history, is fielding a wrestling team. Under the tutelage of St. Joseph's wrestling coach Edward F. Dwyer the team will compete in two "practice" meets and then five upperclassmen will represent St. Joseph's in the Little State Meet the first week of March.

The varsity is built around three experienced wrestlers, 177 lb. sophomore Leo F. Garibay from Chicago, Ill.; 157 lb. sophomore Donald W. Clark, Window Rock, Ariz.; and junior Michael C. Mettler, Fort Wayne, Ind.

Due to the fact that the depth of upperclassmen; six upperclassmen and ten freshmen; is such that a complete team cannot be fielded for varsity competition (freshmen are not eligible for varsity competition in the Indiana Collegiate Conference) the two meets scheduled for this season must be termed practice meets thus allowing freshmen to compete. They will, however, be conducted under varsity rules.

The two meets, one of which has already been held, are against Indiana State and Valparaiso. Both Indiana State and Valparaiso are in their first year of

wrestling and are facing similar depth problems as St. Joseph's. Although this year's outlook is bleak the future looks bright as a good crop of experienced freshmen should bolster next year's squad.

Practice Meet Results

Results of the January 12th practice meet with Indiana State which saw the St. Joseph's team come out on the short end of a 20-3 score are as follows:

Bus. Adm. Majors Revamped

Two major changes in the courses offered by St. Joseph's College were made by the faculty at a meeting held on Dec. 9. The two actions taken which would affect the students were the revamping of the general business and marketing majors and the creation of a new department of psychology.

To replace the majors in general business and marketing, the faculty has created majors in three courses, finance, management and marketing. A new program of study has also been set up for these three majors and will include the following courses: principles of marketing, principles of management, business law, industrial management, personnel management, budgeting, sales management, institutional management, corporation finance, government and business, business statistics, financial statement analysis, managerial decision-making, seminar in business policy, investments, retailing organization and operation, problems of financial management, advertising: principles and procedures, marketing research, marketing management and the honors seminar. Changes will become effective at the start of 1960-61 school year.

Psychology Dept. Created

Within the new psychology department, the following courses will be offered, during the second semester: general psychology, educational psychology, experimental psychology, history of psychology, theories of psycho-analysis, elementary statistics, tests and measurements, counseling and guidance, differential psychology, child psychology, and mental hygiene.

Alumnus Heads Department

The department will be headed by the Rev. Cyril Sutter, C.P.P.S., M.S., Ph.D. (Cand.) Father Sutter studied at Fordham University.

Dorm Rates To Be Raised

Slight changes have been made in student expense charges effective with the fall semester of 1960. Tuition and board expenses will remain the same as for the school year 1959-60, with changes only being made in room costs for the dormitory houses surrounding the campus.

Instead of the separate rates ranging from \$70 to \$85 per semester, all dormitory houses will cost the same rate, \$90. Residence halls will remain at the same rate of \$110 per semester. The only students affected by these changes will be those living in Washburn, Scharf and the White house.

Members of the same family attending the college will be granted a new decrease in tuition costs to help eliminate the burden on one family. The second brother who enters St. Joseph's while the other is registered will be granted a 25% decrease in tuition fees, the third, a 50% decrease and any others will pay no tuition at all. These decreases will be in effect only while the brothers are attending the school simultaneously.

acquaintance for the Pumas as they dropped a 105-96 decision in overtime to the much taller Rebels. This is becoming a bit repetitious but again the Pumas jumped to a big first half lead, 48-38. And once more, disaster struck. Jim Koehler, who had already hit for 24 points had to be taken out of the game with about nine minutes left because of a badly sprained ankle. He was the second Puma regular sitting on the bench because of injuries. Ron Holstein was recuperating from a slight fracture of the foot suffered in the Indiana State encounter. The injuries coupled with a severe height disadvantage which was so great that four Rebels stood taller than the largest Puma was too much for St. Joseph's to overcome as Villa Madonna poured through the phenomenal total of 67 points over the final 25 minutes to take home the win. Koehler's 24 points led the Pumas, followed closely by Finnegan and Williams 22 markers. Frosh Les Stewart and 6-8 Bob Thelen led Villa with 21 and

20 points respectively.

Jan. 30 Butler 92—St. Joe 60

Two nights later on Jan. 30 the Pumas took on Butler again this time in Indianapolis and the results were no better than in their first meeting as the Bulldogs walked away with a 92-60 victory. It was just one of those nights for St. Joseph's as they shot their second coldest shooting percentage in history, a frigid .223 on 18 of 80 field goal attempts. The hot shooting Bulldogs raced to a 40-25 halftime lead and that was the ball game. The Pumas could never get closer than that 15 point margin in the second half. For the first time in many moons only two Pumas managed to get over the 10 point mark. Bobby Williams with 19 and Ron Holstein, who returned to action after sitting out four games, with 16 were the only ones who succeeded. Butler was led by its hot shooting pair of guards Jim Barrick and Dick Haefner who hit 25 and 21 respectively.

Feb. 4 Evansville 99—St. Joe 90

As if things weren't bad enough the Pumas had to take on the number one small college team in the nation and in the ICC, the Evansville Aces on Feb. 4. As in recent games with the Aces, the Pumas pushed them all the way before succumbing in the last minutes 99-90. Led by big Ed Smallwood who totaled 22 of his 36 point total in the first half the Aces jumped off to a 55-49 halftime lead. St. Joseph's managed to stay close to their much taller opponents until 3:09 left in the game when, with the Pumas trailing 93-86, the Aces went into a very effective stall which actually accounted for their getting eight straight points to turn the game into a nightmare for the Puma players and partisans. Williams, Koehler and Finnegan, who played the game with the flu, led the Puma attack with 21, 18 and 18 respectively.

Feb. 6 DePauw 97—St. Joe 87

The Pumas entertained the DePauw Tigers on Feb. 6, but still with no favorable results as they were upset by the Tigers, 97-87. It was the Pumas fifth straight loss and fourth straight in the ICC. St. Joseph's had upended the Tigers in Greencastle, 89-69, earlier in the season.

DePauw, with four sophomores in the starting lineup, kept close to the Pumas throughout the first half before pulling away midway in the second half. The Pumas led at half, 50-47.

The second half belonged to the hot shooting Tigers as they outscored St. Joseph's 14-2 in one three minute stretch to take an 80-72 lead with eight minutes to go to ice the contest.

Holstein led the attack with 22 points while Williams, Whitlow and Koehler contributed 18 to the losing cause. Guard Larry Leas and Jim Zerface led DePauw with 22 and 20 points respectively.

Feb. 9 St. Joe 64—Wabash 63

The Pumas finally put the stop to their skid as they squeaked by the Little Giants of Wabash, 64-63. The Pumas thus avenged an earlier 84-82 defeat in the Wabash fieldhouse, at the hands of the Little Giants.

The Pumas pulled ahead with 3:59 left in the ball game, 60-59. But the lead was short lived and with 2:38 left Wabash began a stall which was interrupted once by the Pumas who failed to capitalize on the break. However, given a second chance, Williams made a follow-up shot with 26 seconds left in the game as he rebounded a stray shot to give St. Joe the victory.

Ron Holstein led the Pumas scorers and rebounders with 21 points and 11 rebounds. Williams, who has been in a mild slump was held to five points as he played only nine minutes. The victory gave the Pumas an 8-9 overall mark.

Domenico Bartolucci, director of the Sistine Choir and Dom Eugenio Cardine, O.S.B., the world's foremost authority on Gregorian Paleography, the study of ancient manuscripts of Gregorian Chant. Father Heiman also taught at two Roman seminaries, the North American College and the Collegio del Preziosissimo Sangue.)

Rev. Lawrence Heiman, C.P.P.S.,

The aim of the Institute, according to Father Heiman, is "to do its share in bringing the teaching and interpretation of the Pontifical Institute in Rome within convenient reach of liturgical musicians in America."

Students who have a bachelor's degree from a recognized college or university and complete the requirements of St. Joseph's Institute of Liturgical Music may receive a B.A. in Liturgical Music. Those who do not have a bachelor's degree may qualify for a Certificate in Liturgical Music.

Alumni Help Asked

Father Heiman notes that, "With the present day interest in the sacred liturgy and in liturgical music there is a real need for a program of this kind. But in order to reach a great number of prospective students who might not otherwise learn about the program, the college requests that the alumni lend a helping hand in publicizing the Liturgical Institute. They can do this by bringing the Institute to the attention of choir directors and organists in their local parishes and schools and informing them that further information about the Institute may be obtained from the Director of the Summer Session, St. Joseph's College, Rensselaer, Indiana or by writing him (Father Heiman) directly. By publicizing the Institute the alumni will be showing their genuine interest in the progressive and expanding programs of Saint Joseph's College and in the Apostolate of Catholic Action."

Appreciation Day Held On St. Joe Campus

As a result of the experimental Appreciation Day held Jan. 7 on the St. Joseph's campus a much larger program is planned for next year according to the Rev. Richard P. Baird, C.P.P.S., admissions counsellor and originator of the plan.

Invitations were extended to the faculties and staffs of Catholic high schools in Indiana, Illinois, Southwestern Michigan and Western Ohio. The program, an informal one, gave the high school representatives an opportunity to exchange ideas with their former students and with the college faculty and staff members for the benefit of all involved. It was called "Appreciation Day" because through it, the college wished to show its appreciation for the cooperation given it by the high schools. In another sense of the word it gave the high school and college staffs a chance to learn and appreciate each others problems.

Five Chicago high schools had staff members in attendance at the first Appreciation Day: St. Philip Basilica, Mount Carmel, St. Mel, St. Patrick and Mendel.

The event was so well received that Father Baird plans to enlarge the program next year.
